# Chieftain — 1975 Adair County High School Columbia, Kentucky Volume XXII

1. Fans of the Indians cheered them to a victory. Basketball has been a favorite of the fans for over twenty years. In 1953 the team took up the name Indians.
2. Senior night during football season, the band and drill team performed a patriotic show. A practice session was taped and televised on channel 13.
3. After a defeat Sam Miller studied about what happened to cause the loss. Football is a young sport at ACHS.

1. Prizes for the winners of Sadie Hawkins' Day were a toy pistol, a jar of apple cider, and play jewelry. Winners were Bobby Keltner, Mrs. Alley, and Janie Wilson.
2. Knee socks are making the scene again. Mrs. Sapp, Mrs. Scott, and Mrs. Barbee were caught showing off their new socks that are identical.
3. Getting measured for her cap and gown is Rhonda Keltner. The seniors voted on blue for the color of their caps and gowns.
4. To boost the spirit of the football players, a bonfire was held the night before homecoming. Many students and teachers showed up to stand around the fire cheering the team on for homecoming night.
5. From a book many things are learned. Doug Gabehart searches through one to find what he wants.
6. For a freshman, English I is a required subject. Danny Wilkinson helps Kim Perkins with her English assignment.

Our world is composed of 864 students. Changes occurred this year as they have since the beginning.

In national issues President Nixon left office, and Gerald Ford became the 38th president of the United States. Talks of recession and gas rationing loomed over us all.

Within our own special world on Greensburg Road many changes came about, both pleasant and unpleasant.

A shorter homeroom period and no morning break created a mild controversy. Many didn't like it because it took away that extra time for talking with friends. The shortened period created a difficulty for teachers, too. There was little time to conduct routine business, and none at all for special activities.

To make the unpleasant side of anything better is the pleasant side of the story. Because of homeroom being shorter and having no break, school was dismissed twenty minutes earlier.

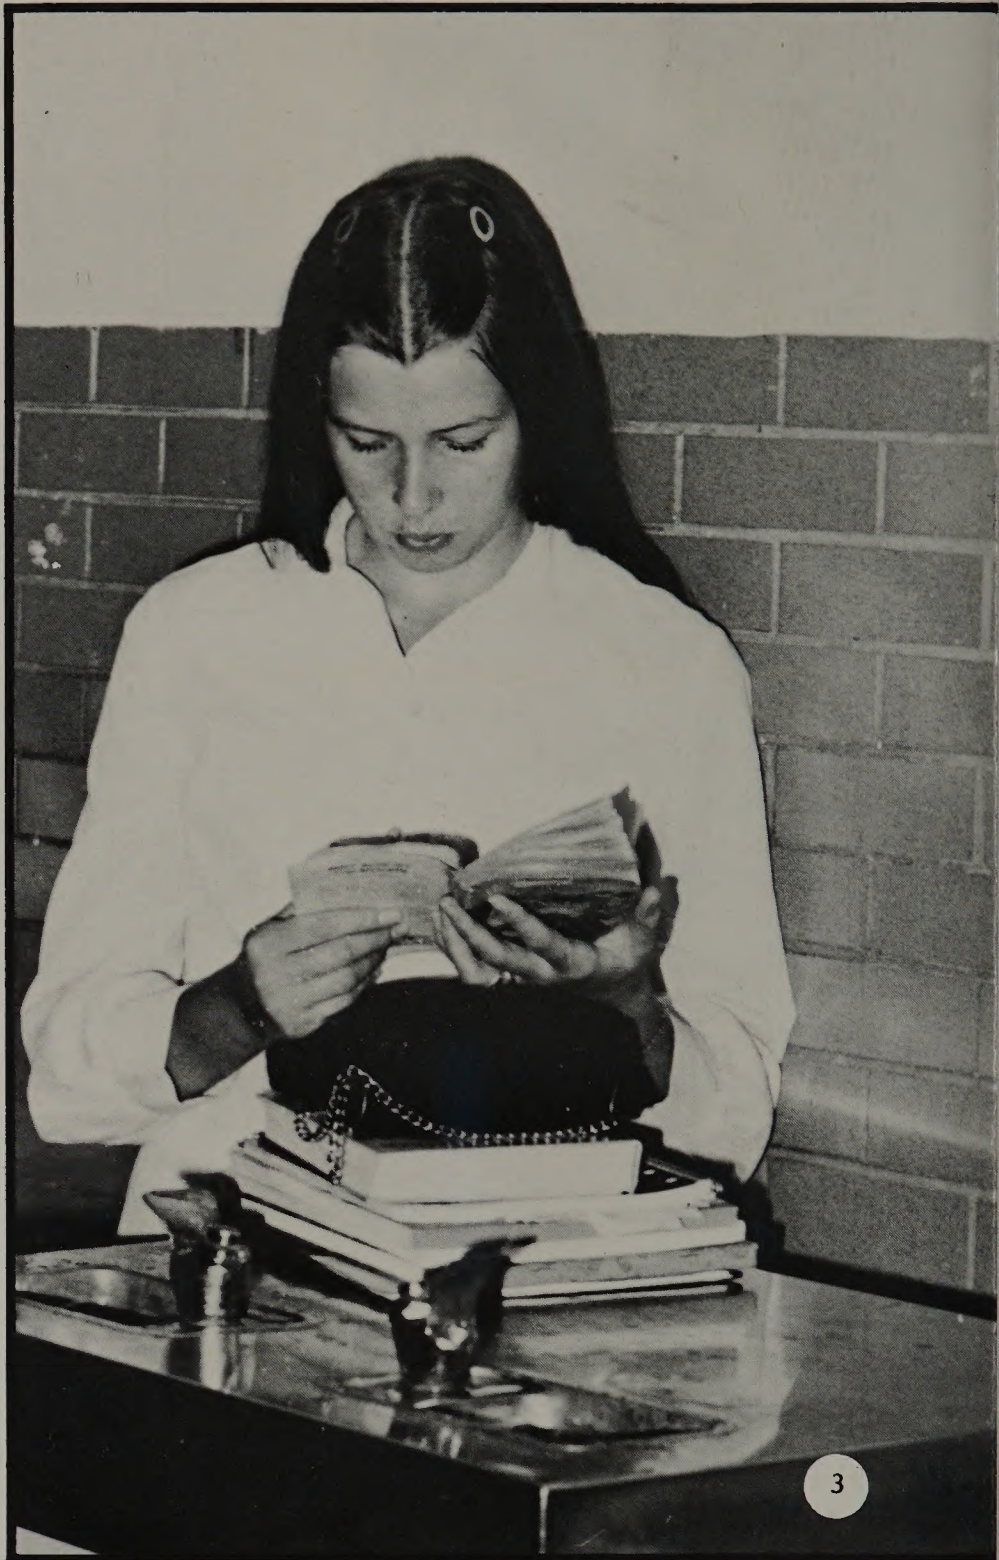

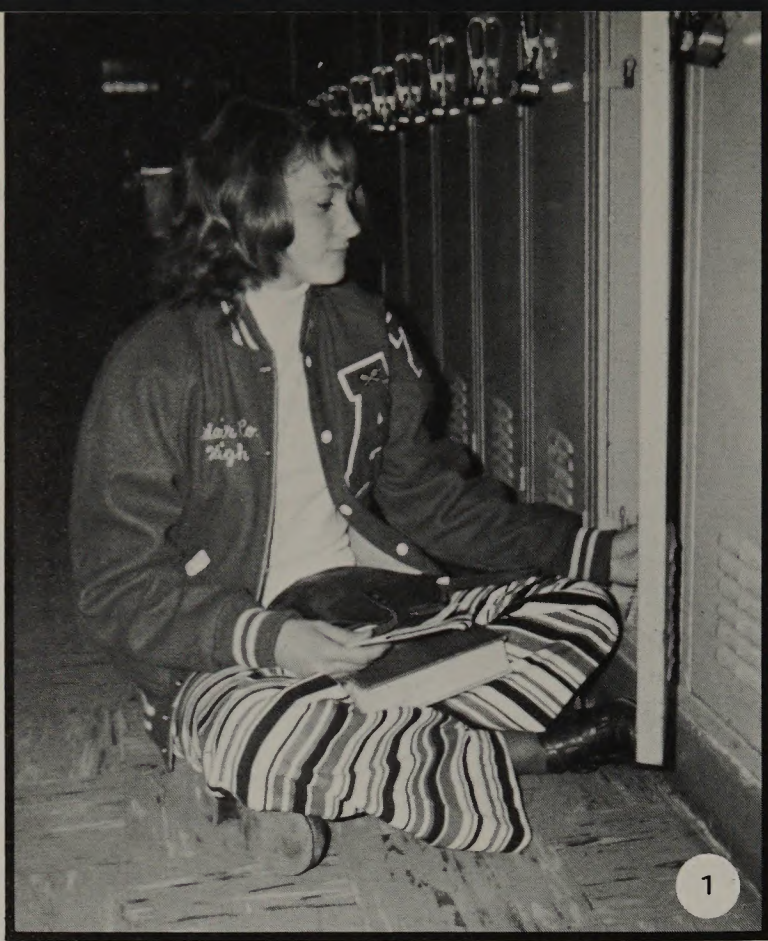

Changing the calendar of events, we had our first bonfire and football homecoming. Rena Wilkerson was the first girl to hold the title of Football Homecoming Queen.

Among the other high points of the year were Sadie Hawkins' Day, the prom, and basketball homecoming. The band sponsored Sadie Hawkins' Day to raise money for new uniforms. The juniors turned the gym from a place for playing basketball to an atmosphere in keeping with the theme, "A Time for Us." Linda Hatcher was crowned as 1974-75 Basketball Homecoming Queen.

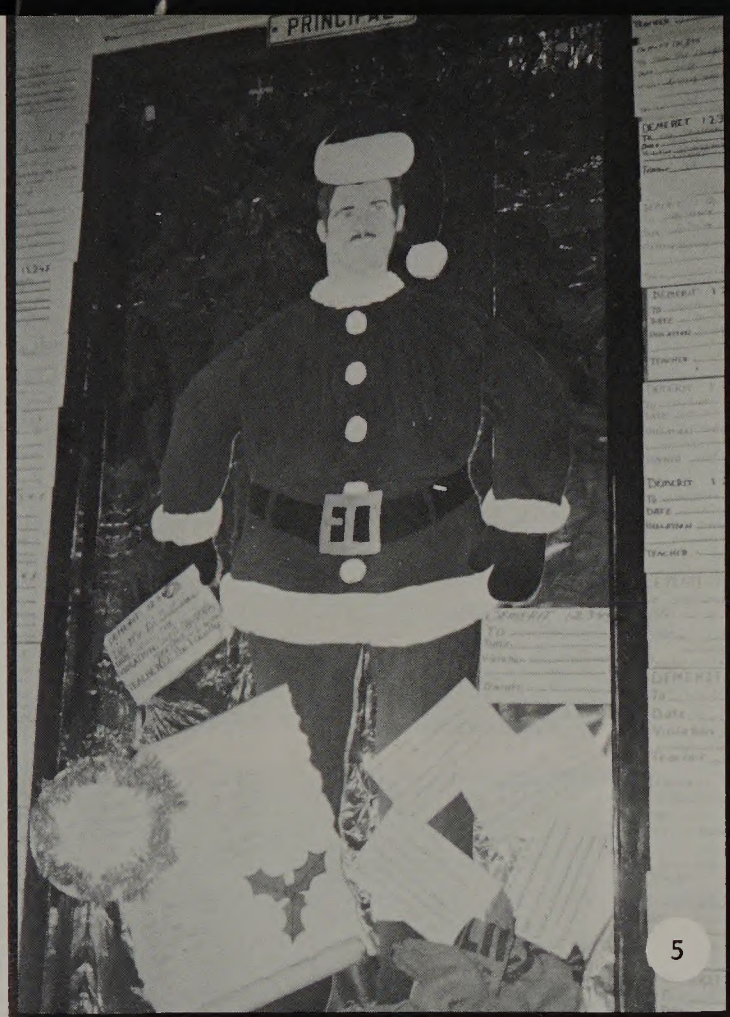

In the following pages we picture a world of learning, activities, and fun . . .

## Come, Look Into Our World

# We Are All Different

All people are different and so are we in our own special world on Greensburg Road.

Some of us came to school to learn and to score the highest we could on tests. Others came because the law in Kentucky states they must until the age of 16. Still others came to take part in the sports activities of the school. Now with girls' basketball making the scene, there were more sports for the girls to be involved in during the year.

When it came to the joy of getting out of school because of snow or lack of heat, we were all so much alike. Pep rallies and movies broke the day-in-day-out routine of school for us all.

1. A visit to the locker is necessary to exchange books. Peggy Curry gets the books she will need for her next class.
2. To call someone, students use the pay phone in the hall. Tammy Downey places a call while others wait in line.
3. A water fountain can do more than store water for a student. Vickie Tiller uses it to hold her books.
4. Sixth period ends at 2:40 and everyone pours out of the building to wait for his bus. Sheila Munday waits for her turn to get on the bus.
5. The FHA Club sponsored a door decora-

- tion contest at Christmas. The Art Class took it upon themselves to decorate Mr. Sullivan's door. Surrounding the Santa Claus that resembled Mr. Sullivan was a demerit for every teacher.
6. Eating chili for lunch are Mr. Hadley and Mr. Nixon.
7. Study hall serves both as a place to study and relax. Linda Curry chooses to read a magazine and relax.
8. In Home Economics class both sewing and cooking are taught. Mrs. Shively watches Sharon Brown as she stirs hamburger.

Hours of hard work . . .

## Hundreds of Stars

It was proved on the week preceding April 26, that the juniors could perform miracles. This magic was something that wasn't achieved in a day or a few hours, but in 500 hours of hard labor. This labor provided a night that was truly "A Time For Us."

The juniors transformed the gym from a dull, bare place to one full of mystery and romance. The greatest attraction was the revolving ball that was hung from the chandelier in the middle of the gym. This revolving ball provided the millions of little circles of light on the dance floor. As the couples began to dance, the room seemed to float in time to the music. There were over 700 stars that were hand-strung to add to the aura of the night. The ceiling, which was constructed of crepe paper, reflected an image of a clear blue night over a sea of couples who danced to the music of THE CARNATIONS.

The tables were adorned with drip candles and tiny gondola nut cups. The memory books that were given to everyone will be something we can always treasure.

1. Momentos of the prom were something that nearly everyone had. Stars, a drip candle, and a memory book were just a few of the things to remind us of the good time we had.
2. Beginning to string one of the many crepe paper streamers across the ceiling is Mark Compton.
3. The silver chandelier, hung by Gary Smith, was one of the main attractions of the night.
4. Voicel Brown and Neva Jean Gabehart spent many hours preparing drip candles for the tables.
5. Taping the murals are Becky Jasper and Terry Fair. This was just one of the many chores that had to be done.

Homecoming is . . .

## Rained Out and Rescheduled

For the first time in Adair County High School's history, there was going to be a football homecoming.

When the date was set, everyone started bustling about getting ready for homecoming. Clubs had special meetings to elect candidates. For the first time, also, the candidates didn't have to be seniors.

On September 26, the day before homecoming, excitement was high. A bonfire was scheduled for that night.

Around 7:00 that night people began to gather bringing boxes, tires, and scrap wood to build up the bonfire. Many battle yells and dances were led by the cheerleaders and football boys.

The next day was when the great disappointment came. It began raining Friday morning and by 11:00 it became evident that it would be impossible to have the game. The game was then rescheduled for October 4.

This cancellation was really all that was needed to stir up excitement more.

On October 4, a stirring of enthusiasm was again felt as each of the homecoming candidates and their escorts walked across the field.

All the hubbub came at once to an end as Rena Wilkerson, a junior at ACHS, was crowned as our 1974 Football Homecoming Queen.

1. Old tires were just one of the many things that were contributed to ACHS's first bonfire.
2. Football Homecoming Candidates and Escorts.
3. Basketball candidate, Sherree Taylor, is escorted across the field by Edward Curry.
4. 1974-75 Homecoming Queen, Rena Wilkerson, receives a kiss from Mr. Sullivan.
5. Being tackled by three opponents is Sam Miller, with Henry Graves coming to his rescue.
6. The Adair County High Marching Band performs at half-time of the homecoming game.

# Mr. and Miss ACHS

Joe Myers — Carla Lemmon

Becoming Mr. or Miss ACHS is one of the highest honors a student can achieve at this school. To be eligible, a student must have had an average of 90 or above for all four years in high school and he must not have had more than 3 demerits during his high school years.

Chosen this year to represent our school as Mr. and Miss ACHS are Carla Lemmon and Joe Myers.

Carla and Joe both play in the band. Carla is a flutist while Joe is the drummer of the band. Joe is president of the Key Club.

## The Day of Embarrassment

Our annual Initiation Day at ACHS fell on October 2 this year. Many people who were being initiated put off coming to school as long as possible. They knew that as soon as they got here, they would go to work obeying old members, and this would not end until the last bell had rung.

Every club had its own style of initiation but one thing was common in every club. That one thing was candy for the old members.

To some, initiation meant looking forward to the rest of high school in the club of their choice. And then to others it meant the last time they would initiate anyone.

1. Members of the Key Club are ordered to tote president, Joe Myers, to class.
2. A typical lunchroom scene on Initiation Day shows people rubbing their tired, aching feet.
3. FHA members, dressed as old women, await Elaine Epperson's orders.
4. While Lee Ann Dohoney and Teresa Coffey crawl into the garbage can, Rita Bjalobok waits her turn.
5. Carefully trying to get a drink is James Janes. He was initiated into the Fine Arts Club.
6. An anonymous Career Club member is seen pushing her hat down the hall with her nose.

# Counselor Promotes Speakers' Bureau

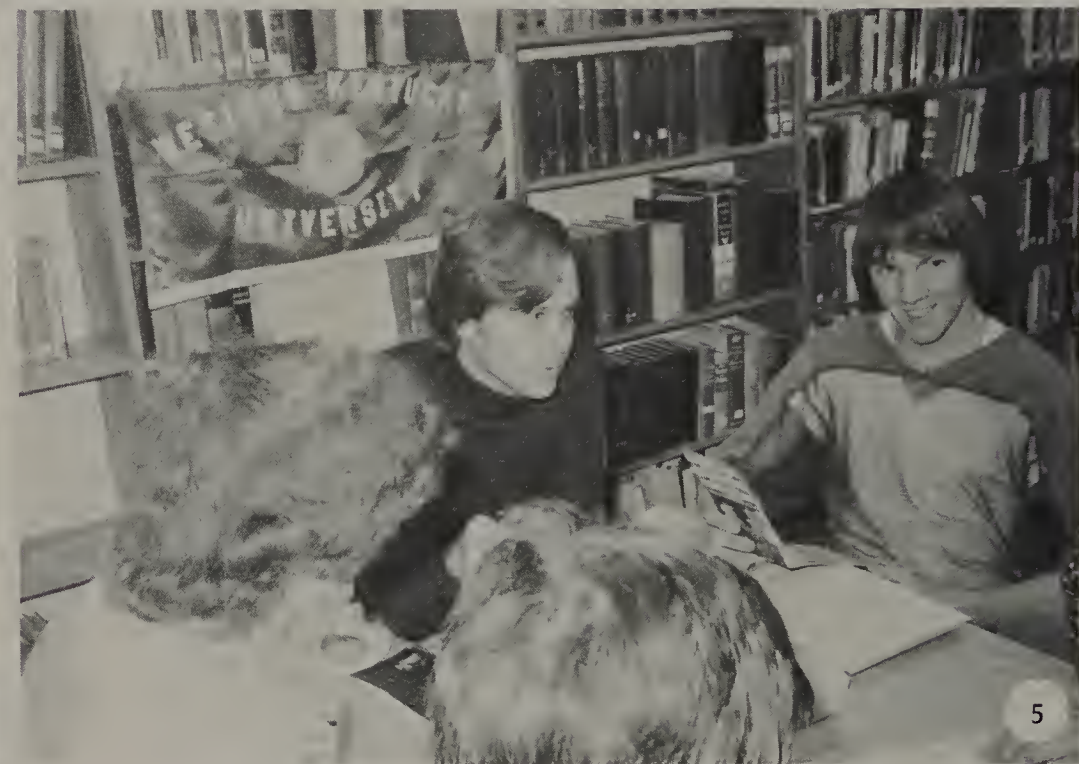

Three things that helped us this year to decide what we wanted to do with our lives were High School Day at Lindsey Wilson, Career Day, and Vocational Day.

On High School Day junior and senior students boarded buses to go to Lindsey Wilson and tour the campus. The students were divided into two groups. These groups attended classes, listened to speakers, and had lunch. Then, they boarded the buses again and returned to the high school.

Career Day at the high school consisted of representatives from several colleges and universities coming to tell the juniors and seniors about their individual schools.

Vocational Day came to the school with a flurry of excitement. People from our town came and told about their own particular occupation. Everyone from farmers to lawyers attended our school on this day. We had a beauty consultant to show the Home Economics classes how to apply makeup also.

Mrs. Jeanetta Webb arranged for three people from our community to come and speak to some classes on drugs. This proved enlightening for all of us.

# Lucky Friday the 13th

# for One of Thirteen Candidates

Thirteen excited candidates stood at the front of the Adair County High gym on Friday 13, 1974. They were awaiting the announcement of the 1974-75 Basketball Homecoming Queen.

Dickie Smith, master of ceremonies, announced the evening's events. First he announced the third runner-up as Miss Debbie Downey. The second runner-up was Miss Patricia Crawhorn and the first runner-up was Miss Vickie Akin. The tension increased as Dickie named Linda Hatcher the 1974-75 Homecoming Queen. Linda was crowned by Mr. Al Sullivan, the principal here at Adair County High School. Carol Merritt, last year's homecoming queen, was on hand to present the new queen with a bouquet of flowers.

Linda, FFA Sweetheart, is the First Vice-President of the FHA Club and also belongs to the Beta Club.

Linda is the daughter of Mr. and Mrs. James Hatcher of Columbia, Ky. She was escorted by Dwayne Loy.

1. Being kissed by Mr. Sullivan is Linda Hatcher, 1974-75 Homecoming Queen.

2., 3., 4. The three runners-up are being kissed by Mr. Sullivan. Third — Debbie Downey; second — Patricia Crawhorn; first — Vickie Akin.

5. Basketball Homecoming Candidates and Escorts.

6. The basketball team serves as "honor guard" for the 1974-75 homecoming candidates.

## Students Interests Vary

No matter who the student is, or where he stands in school, there is something he enjoys doing for relaxation. For some the word "relaxing" means just doing nothing. To others it's the time they spent working with their hobbies. Playing games, playing an instrument and even serving in the National Guard may be the hobby of a student.

Not having a recreation center in the community, a Saturday night might be spent circling around the square and riding up and down Jamestown Hill. Others might end up in a surrounding county either bowling or skating. Regardless of what it is, everyone has his own individual interest.

Thank goodness there is time to do what you enjoy!

1. Setting up a ping pong table for a very important game are Janice Sneed, Ann Parnell, and Roy Dean.
2. Checking the engine of an airplane is Phil Bailey. Phil likes to fly in his spare time.
3. Serving in the National Guard is one of the things that Billy Joe Wethington enjoys.
4. The FHA Club cleans the refrigerator of the teachers' lounge as one of their service projects.
5. Mopping the floors was only one of the chores the FHA girls did in the teachers' lounge to help the cleanliness of the school.
6. Ruth Jackson enjoys playing many types of music on the piano.
7. The lunchroom became a place of relaxation for Bobby Janes, Becky Moseley, Teresa Beard, and Maury Moran as they became deeply engrossed in a game of Rook.
8. Spending most of her time in Campbells-ville riding her horses is one of the things Cindy Patterson enjoys.

# FACULTY AND ACADEMICS

3. German class is full of all sorts of different actions, as Ann Parnell realizes.
4. Mr. Nixon doesn't seem to mind a little rain.

## Helping Hands!

In his third year as principal, Mr. Sullivan has become a friend to many students. He has become someone whom students can talk to about problems in the school. Whenever you go into the office, you can usually hear laughter coming out of his office, which always seems to calm a student.

Our Assistant Principal, Mrs. Irene Reece, is also a good friend to many students. You will find her helpful and understanding, when dealing with student problems.

Although these two people make many important decisions, the final decisions come from the Board of Education, and the people in the central office.

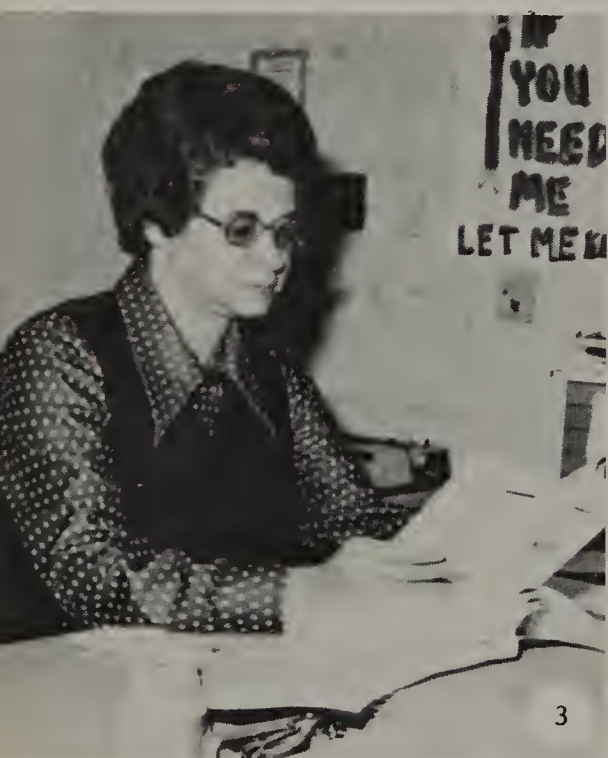

1. Smiling, as usual, is our Principal, Mr. Al Sullivan.
2. Working on lunchroom reports is Assistant Principal, Mrs. Irene Reece.
3. Our Counselor, Mrs. Jeanetta Webb, is always ready to help a student.

## Essays! Research! Reports!

Four credits are required in English for graduation. Seniors and Juniors are allowed to choose between English III and IV, Journalism, Honors English, and Speech and Dramatics.

What is the weight and formula of carbon dioxide? Where does a plant get its green color? Where would you find a cranium?

These and many other questions are answered everyday in the Science Department.

Here students not only learn from the text book but also from observations and experiments. You will often find students dissecting frogs, pigs, worms, or almost any small animal.

Chemistry students are often embarrassed during a fire drill, because they are required to wear black aprons during lab sessions.

1. Mr. Steve Cheatham — General Science, and Earth Science.

# Dictation and Budgets!

Preparing students for the field of business are the classes: Typing I and II, Shorthand, Accounting, Office Practice, Business English and Law, General Business, and Co-op.

Co-op, an increasingly popular activity, places students in jobs outside the school to help the students work for experience and a small salary, along with receiving 1½ credits per year.

1. Mrs. Francine Neat — General Business, Typing II, Business English and Law.
2. Taking dictation from a pre-recorded tape is Linda Coffey.
3. Mrs. Joyce Durham — Cooperative Office Practice, Office Practice, Typing II.

# FHA and FFA . . . Baking and Welding!

Those who planned to be housewives, bachelors, or farmers were found in Home Economics and Agriculture. These courses were designed to prepare a student to make it by himself after graduation.

Home Economics was designed to teach sewing, cooking, and child care. Is Home Economics a class for girls only? Sam Miller answered that question when he signed up for Home Economics I. It could be important for anyone at one time or another to know how to sew a button on a shirt.

Knowing all about the soil and good farming practices would make a better farmer out of any Agriculture student.

1. Mr. Sammy Baker — Agriculture I, II.
2. Washing out an Ag. truck is Dean Hayes.
3. Welding iron together is Floren Morrison.
4. Mr. Norman Grant — Agriculture II, IV.

# Artistry and Sit-ups!

Building better bodies and understanding your body are two good reasons for taking Health and P.E. Trampolines, tumbling, volleyball, and basketball are a few of the activities in Physical Education which go along with a health class.

Art, chorus, and band help the student learn and appreciate the Fine Arts. In Art Classes students learn perspective and colors, and they also learn to do sculptures.

In Chorus, students learn music theory and perform during events such as assemblies and graduation.

1. Mrs. Mary Campbell — Chorus I, II.
2. Mr. William Chinn — Band Director.

Traffic Safety, one of the courses offered as electives, is offered each semester for students who are at least 16 years old. These students are allowed to drive, along with learning safe driving habits.

The library is the place to go to escape from doing homework during study hall. It is also the place to go when you have to gather information for a research paper. If you don't have anything else to do, you can always go and look at the trophies.

1. Mr. Travis Paul Scott — Psychology and Sociology, Government and Economics, Consumer Education.

# Counting and Cooking!

These people, the secretaries, cooks, and janitors, are the people who help keep our school going.

Keeping books, selling school supplies, and many other important tasks are the jobs of our two secretaries, Patsy Toms and Jane Akin.

They are helped, throughout the school days, by several girls, who work in the office, running errands and helping in everyday chores.

Along with the secretaries, the other people who help our school are the cooks and janitors.

Cooking and cleaning for over 800 students is not an easy job, but, somehow, our cooks and janitors have come up with a good way for doing this, for day after day, there are clean rooms and good food.

1. Counting money and helping students are two of the many jobs for one of our secretaries, Mrs. Patsy Toms.

2. Writing checks and keeping books are two of the jobs that keep our other secretary, Mrs. Jane Akin busy, also.

3. Sheila Brock doesn't seem to mind answering the phone.

4. Another office worker, Elaine Bryant, does some paper work.

5. One of our janitors, Ed Rowe, quietly vacuums one of the rooms.

6. Our other two janitors are Tommy Flowers and Reed Curry, who seem to enjoy the privacy of the storage room.

7. LEFT TO RIGHT: Alta Akin, Marie Montgomery, Wilma Marshall, Eva Adamson, Edna Keltner, Juanita Warren, Alma Garmon, Vernell Stotts, Claudie Bragg.

8. Loading a tray with spaghetti is one of our cooks, Mrs. Alta Akin.

## Seniors Vote on Class Colors, Flower, Song, and Motto

No longer can the class of "75" look forward to making plans for the prom, ordering class rings, or helping to initiate new club members.

The class of "75" was the last to ever attend Adair County High School Building No. 2. As freshmen the class enrollment was 265, but it dropped to 162 as the senior year approached.

On the morning of January 11, 1975, the Senior class voted for class colors, flower, song, and motto. The final tally was as follows: colors — blue and white, flower — red carnation, song — "Don't Let the Sun Go Down on Me," and motto — "Anything is possible if you only believe."

President — Dwayne Loy  
Vice President — Denise McGaha  
Secretary — Vickie Akin  
Treasurer — Elaine Epperson

## Favorites of the Senior Class

A new method was used in choosing class favorites this year. In the past, each couple was chosen by the fellow classmates for special characteristics they had.

This year, each senior homeroom elected five girls and five boys to compete for one of the five "favorite couples." All of these names were placed on a ballot, and the entire class chose the five girls and boys who were to represent their class. Each boy and girl was chosen for his or her well-rounded personality.

## Honors for Seniors

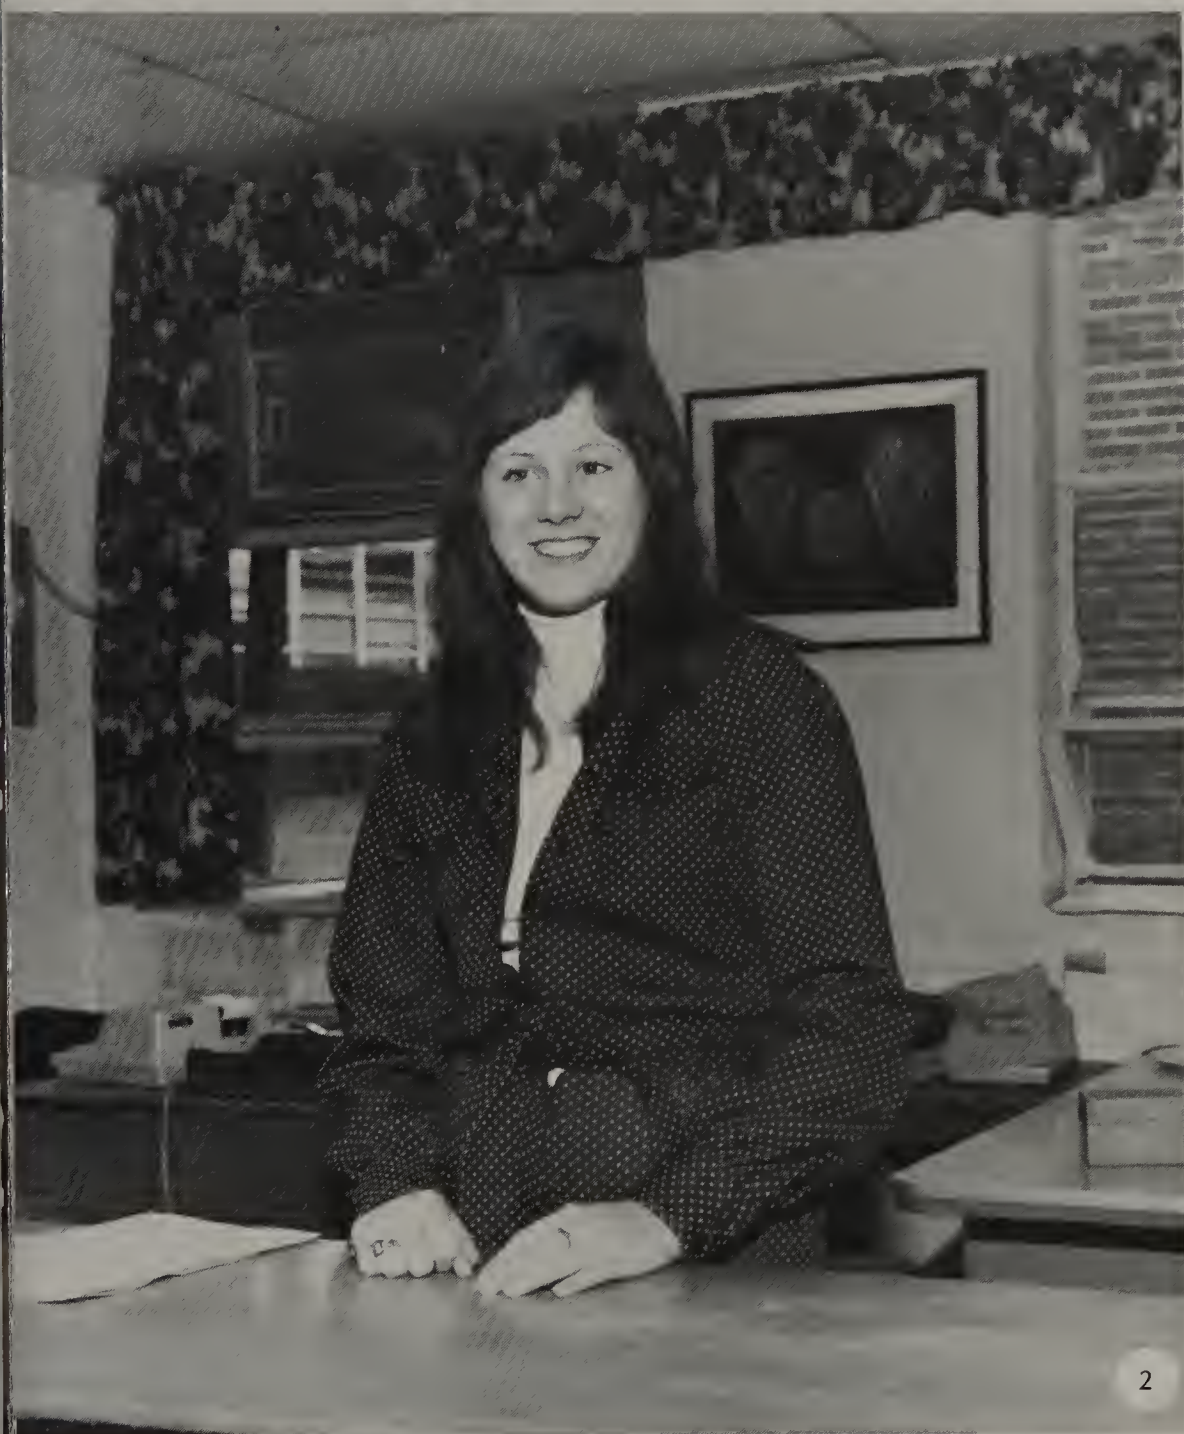

The senior year for any student is the busiest one ever.

The American College Test or the ACT is taken by all seniors who plan to go to college. Two seniors, Elaine Epperson and Dennis Crump, took the Scholastic Aptitude Test or the SAT. The counselor reported that they made good scores on it.

Every year a senior girl is presented the DAR Good Citizen Award. The Jane Lampton Chapter, Daughters of the American Revolution gives the award each year. A committee of teachers selected Denise McGaha the 1974-75 DAR Good Citizen.

1. These seniors scored the highest on the ACT test: Gordon Feese, Billy Day, Elaine Epperson, Leslie Campbell, and Dennis Crump.

2. Helping in the office was only one of the things Denise McGaha did during school. She had a full schedule, held the title of Miss Senior, and was vice-president of her class.

A new method was used in choosing class favorites this year. In the past, each couple was chosen by the fellow classmates for special characteristics they had.

This year, each junior homeroom elected five girls and five boys to compete for one of

the five "favorite couples." All of these names were placed on a ballot, and the entire class chose the five girls and five boys who were to represent their class. Each boy and girl was chosen for his or her well-rounded personality.

As one of its main projects, the Fine Arts Club presented its annual talent show before the student body. Some of the money received was donated to the chorus classes and to the art classes. The club also donated \$100 to the victims of the April 3, 1974, tornado.

One of the newer clubs at ACHS, Fine Arts is a fast growing club sponsored by Mrs. Mary Campbell and Mrs. Henrietta Scott.

Starting out the year, the Journalism class went to Clarksville, Tennessee, to tour the Josten's Yearbook Plant. The trip was very informative and the staff returned with many ideas of how to publish a good '75 Chieftain.

Aside from creating the yearbook, the staff published the SMOKE SIGNALS newspaper. During the summer Doug Beard, newspaper editor, and Vickie Akin, yearbook editor, attended a two week workshop at Ball State University in Indiana. The workshop taught them their respective duties, and they in turn brought back to the staff the ideas they had learned.

The class is also responsible for homecoming activities and for the elections of Mr. and Miss and class favorites. Mrs. Betty Jean Moseley is the sponsor.

1. There wasn't a dull moment on the bus to Clarksville with Phil Bailey along.
2. While visiting Josten's American Yearbook library in Tennessee, John Nell, Dickie Smith, Jan Howell, and Mark Royse look at one of the originally styled yearbooks.

9. Assisting Terry Fair in cropping pictures is yearbook editor, Vickie Akin.

## Training and Pleasure

Members of the Library Club assist the librarians. They work in the library during their study halls. Some of their duties are signing passes, checking books in and out, arranging books on the shelf, and helping other students find the material they need. The only requirement to be in the Library Club is to be a worker in the Library.

The club is sponsored by Mrs. Cynthia Coomer and Mrs. Jean McLean.

1. Before leaving the library, Debbie Yarberry picks up her pass from Phyllis Bryson.
2. Using the card catalogue, Mrs. Cynthia Coomer, librarian, helps students find material.
3. Working at the desk is one of the duties for the library assistant, Martha Blankenship.
4. With the help of Mrs. Jean McLean, librarian, John Baker files book cards in the indexed card file.
5. At the desk, Beverly Jessie and Amber White find that there is much work to be done.

Providing halftime entertainment, the ACHS band helped to boost school spirit. They also made history when they appeared on television station WBKO at Bowling Green for a Christmas show. They were featured again when they performed a patriotic show at a football game.

The Indian band marched in the Butler County Parade, the Campbellsville College Homecoming Parade, the Bowling Green Christmas Parade, and the Lindsey Wilson Homecoming Parade. They performed high-stepping, precision routines and played excellent music. New band uniforms, which the Band Boosters worked very hard for, enhanced every performance.

Mr. Bill Chinn directs the band and Mrs. Mary Chinn is assistant director.

Without the Pep Club and the Jazz Band, the ACHS ballgames would be quite a bore. Led by the cheerleaders, the Pep Club adds enthusiasm to the games. It is the largest club at ACHS and is sponsored by Mrs. Francine Neat and Mr. Tom Jones. Also initiating school spirit is the Jazz Band directed by Mr. Bill Chinn. Playing the ACHS fight song and other peppy songs at halftime, they bring the cheering section to their feet. The Jazz Band also provides the music for the ACHS Drill Team performances at halftime.

With the help of the JV squad, the varsity squad led cheers at the ACHS ball-games. Made up entirely of freshmen, the JV squad had only three cheerleaders so varsity cheerleaders Marietta Merritt and Pam Collins helped out by cheering both games.

The cheerleaders led pep rallies and gave away a spirit stick to the most enthusiastic class. The cheerleaders are sponsored by Mrs. Alice Hadley.

# The Year of Change

Made up of 27 girls the ACHS Drill Team provided half-time entertainment at every home basketball game and at two football games. Although no academic credit was given to these girls, they spent many hours in practice during the summer and after school.

New uniforms were purchased for the '74-'75 Drill Team. The team performed in them for the first time at the Lindsey Wilson College Homecoming Parade. They also performed at the Campbellsville College Homecoming and for a Mental Health Benefit.

New additions were added to the team as Stacey Durham and Tammy Morrison became mascots.

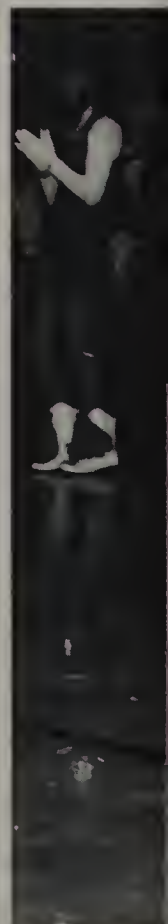

Replacing Vickie Akin as captain next year will be co-captain, Luanna Keltner. The Drill Team is sponsored by Mrs. Judie Alley.

# SPORTS

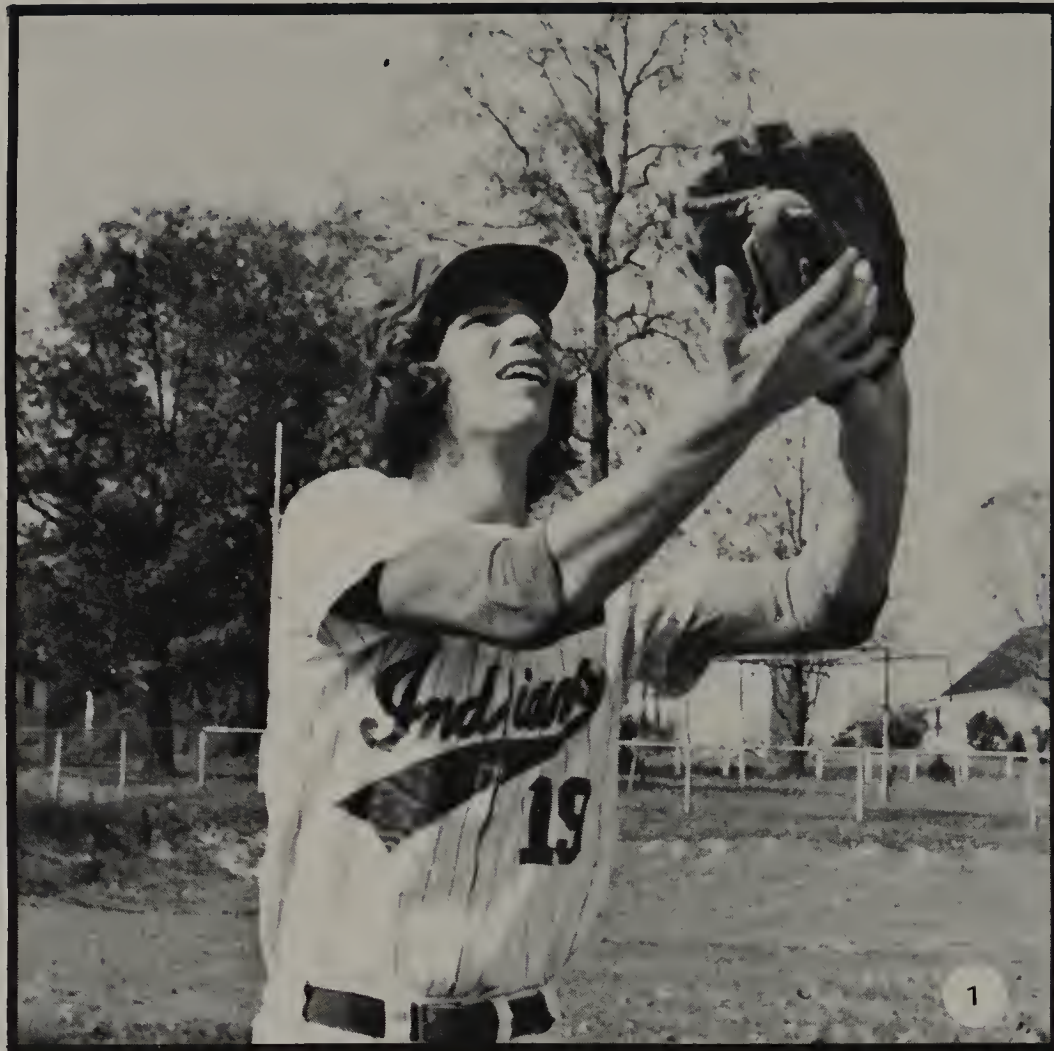

1. Clearing the bar in the high jump is Becky Jasper.
2. Waiting is a part of baseball, as these players find out.
3. Victory is the prize for David Bryant, as he crosses the finish line.
4. Disappointment is a part of coaching a football team, as Coach Tom Jones discovers.

## Trial and Error Describes Season

Things looked bad for the Indians as their first three games of the season were cancelled because of the weather. They also lost their first game to the Casey County Rebels, but they bounced back with wins over Hart County and Barren County. The Indians were eliminated in the first round of the SKAC by the Tompkinsville Bears, 7-6. They were also eliminated from district play by the Marion County team. Coach Travis Paul Scott, in his first year as baseball coach, led a young team to a 10-19 record. This team had only one senior, Steve Corbin. Steve was co-captain of the team and was also selected All-SKAC.

FRONT ROW: Dennis Reeves, Billy Joe Wethington, Wayne Keltner, Gordon Feese, Steve Corbin, Marshall Wheeler.  
BACK ROW: Bruce Akin, Mitchell Rice, Brad Morrison, Mike McKinney, Darrell Keen, Phil Bailey.

4. Waiting for his turn to bat, Wayne Keltner stands on deck as Steve Corbin scores from third.
5. Before the game with the Campbellsville Eagles, Coach T.P. Scott talks with the umpires.

# Sports Without Spectators

Two of the sports at ACHS that no one goes out to watch and cheer on are tennis and golf. The location where these teams have to play makes it impossible for the students to be present for the competition.

Girls' tennis has not been very popular at Adair County High, but it's catching on. They played against three teams during their regular season: Green County, Caverna, and Metcalfe County. In these games Peggy Curry and Sandra Cheatham won three out of four doubles matches and they each won one match in singles. Debbie Curry and Tammy Scott added one victory in doubles. The team also went to Glasgow to compete in the SKAC tournament against eight other teams.

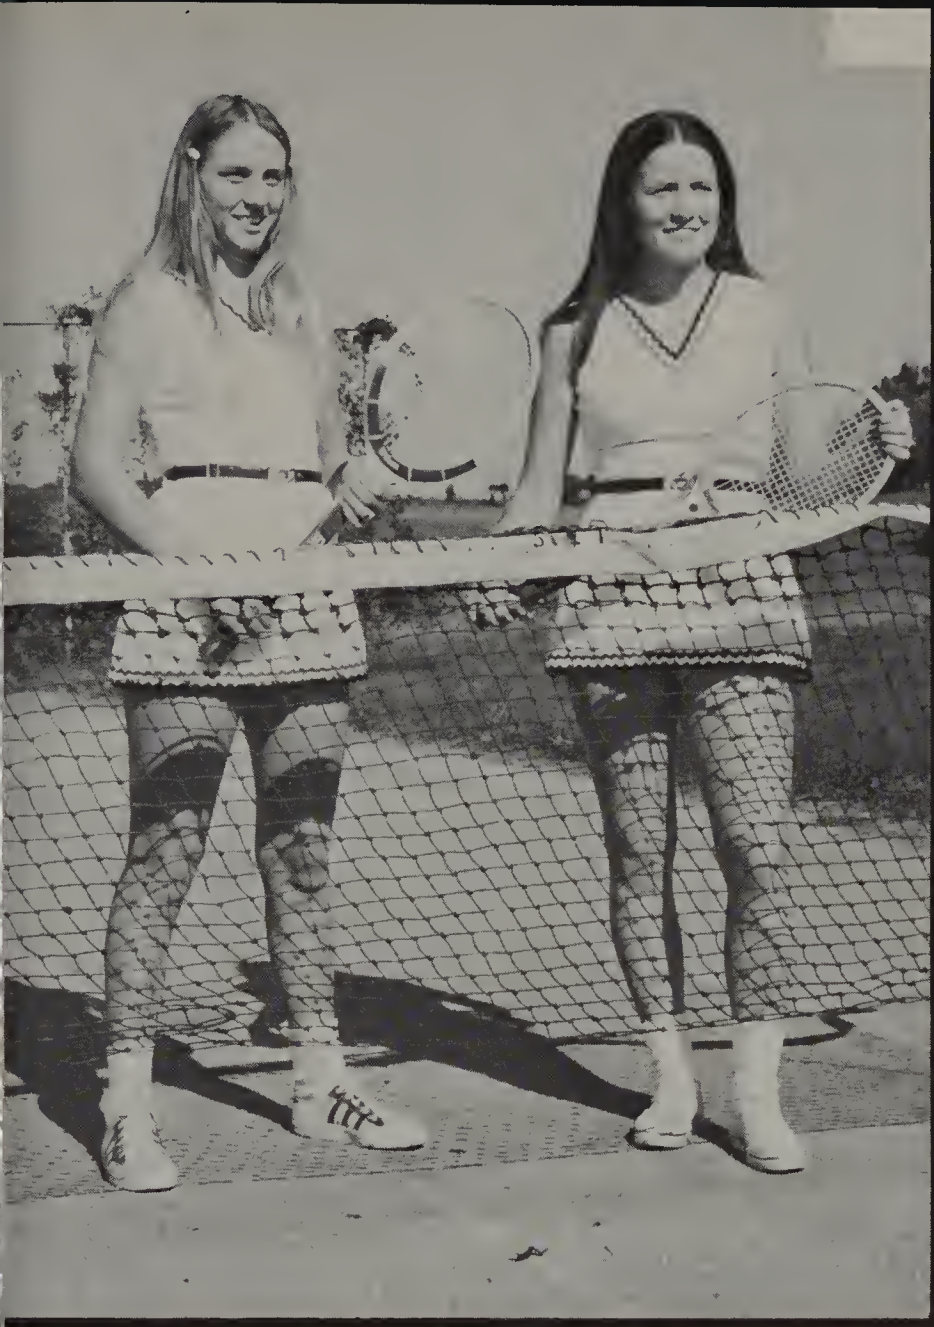

In the 1974 SKAC championship, the Adair County High School golf team successfully defended their title. All players returned from the 1973 team with the exception of Steve Dunlap. For the second year in a row the team won the SKAC against Caverna, in a playoff that lasted only one hole. J. Moseley won the third place individual trophy and Danny Waggener won the fourth place spot. Greg Wells and Shane Rice also added to the victory. The Indians finished 6th in the regional competition with J Moseley shooting a 76. This placed him in a six-way tie for the last remaining spot for state tournament play, but he was eliminated in the playoff.

These sports have added to the reputation of the Adair County Indians. Though the tennis team has been unable to add to the collection of trophies, the golf team had added a great number.

1. Concentration is a major factor in being a successful golfer as J Moseley demonstrates. J, who was one of the team's top golfers, almost made it to state competition.
2. Practicing her swing, Peggy Curry helped lead the JV team to a respectable record.

## Boys' Grab SKAC

### Plus . . .

Track has become a winning sport for the Indians.

On May 10, 1974, the Indians captured the SKAC title. Glasgow was their strongest competitor. The Indians placed first in five field events, and ended with a score of 75 while Glasgow had 61 ½.

The leading individual point makers for the Indians were Ronnie Blackwell with 16, Charles Willis 15, and Ronnie Giles with 14.

The Indians went on to capture the regional over Glasgow. At the state meet the Indians didn't score.

1. After taking first place in the SKAC, some of the team members show their trophy to Brooks Coomer and Principal Al Sullivan.

2. Preparing to jump the high jump is James Miller.

3. In the 440 run Dickie Smith takes off to capture third place for the Indians.

4. With a small group watching, Charles Willis prepares to make an attempt at the long jump.

6. Announcing the results of the SKAC is Coach Nixon. In the background Ray Graves holds the trophy for Adair County. Ernie Rogers keeps a grip on the ribbon he received in the meet for his participation.

7. Finishing a one mile run, Ronnie Blackwell is ready for a seat on the ground.

## Girls Grab SKAC Title

Making history, the girl's track team placed first in the SKAC, May 6, 1974.

Taking the victory, the Indians had to compete against eight other schools. Greensburg proved to be the strongest competitor.

In the meet new records were set. Pat Ingram jumped 16 feet to break the long jump record. She also ran in the 440 breaking the record. She set the new record with a clocked time of 1:04.6. Completing the 880 run in 2:38.4, Patricia Crawhorn set a new record for that entry.

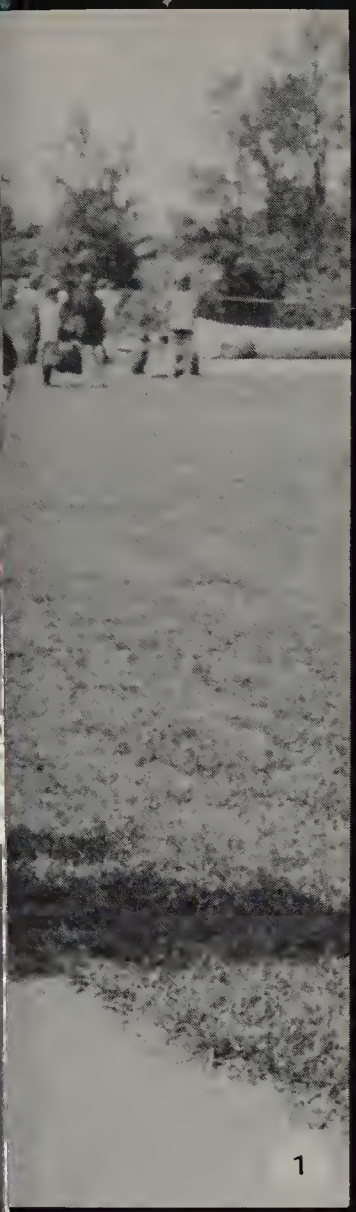

Adair County finished first in the 880 relay and the 880 medley to capture the crown.

1. Looking over the score sheet, Coach Terry Farris shows Terri Gudger, Ramona Thompson, and Marsha Bryant Adair County's standing at this point in the SKAC.
2. The SKAC record was broken when Pat Ingram jumped 16 feet.
3. Discus thrower, Sherrie Smith, demonstrates her ability in the SKAC.
4. Giving it all she's got, Blenda Bricker Rogers comes in a close fourth after running the 100 yard dash.
5. In the 880 medley Mitzi Graves runs the first 220 yards.

## Sixth in State

Ability to run and to run hard brought the Adair County Indians' Cross Country Team sixth place in the state.

Their first meet of the season saw the Indians lose their first triangular meet in four years. The young team found it hard to capture a meet in their first three or four outings, but they gradually started improving. Their biggest improvement came when they ran away with a first place victory in the SKAC. James Miller, an outstanding runner for the Indians, captured first place in the individual category.

In the regional, the Indians topped Oldham County for the first place title with outstanding running. From there they went on to the state meet to capture sixth place while they ran against eighteen other schools.

1. Although it was a rainy day, students of ACHS paid to get out of sixth period class to watch the Indians in action. Coming in eighth place for the Indians was Ricky Bohannon.
2. Keeping the records during a cross country meet was Carl Breeding, Athletic Director.
3. During the SKAC Coach Nixon found a substitute for an umbrella.

LEFT TO RIGHT: Kenny Cochran, Thomas Johnson, Jerry Burton, David Bryant, Tommy Burton.

## A Season for Learning

Not a winning season, but an arousing one. The students and faculty members of ACHS supported the team more this year than ever. It wasn't an unusual sight to see students drinking hot coffee to keep warm or teachers sharing their blankets with their families on a cold Friday night during a football game.

After winning both exhibition games, it looked like it was going to be a winning season for the Indians, but it later proved not to be one.

Homecoming night, the Indians scored for the first time in the regular season. Later in the season the tribe showed their ability at Gamaliel, although they lost the game in the last seconds, it proved to be their best game.

The enthusiasm of the team and fans was due in large part to the enthusiasm shown by Coach Jones and his staff. This year's team consisted of mostly underclassmen. Coach Jones's statement after the last game was, "We'll just have to chalk this season up to experience."

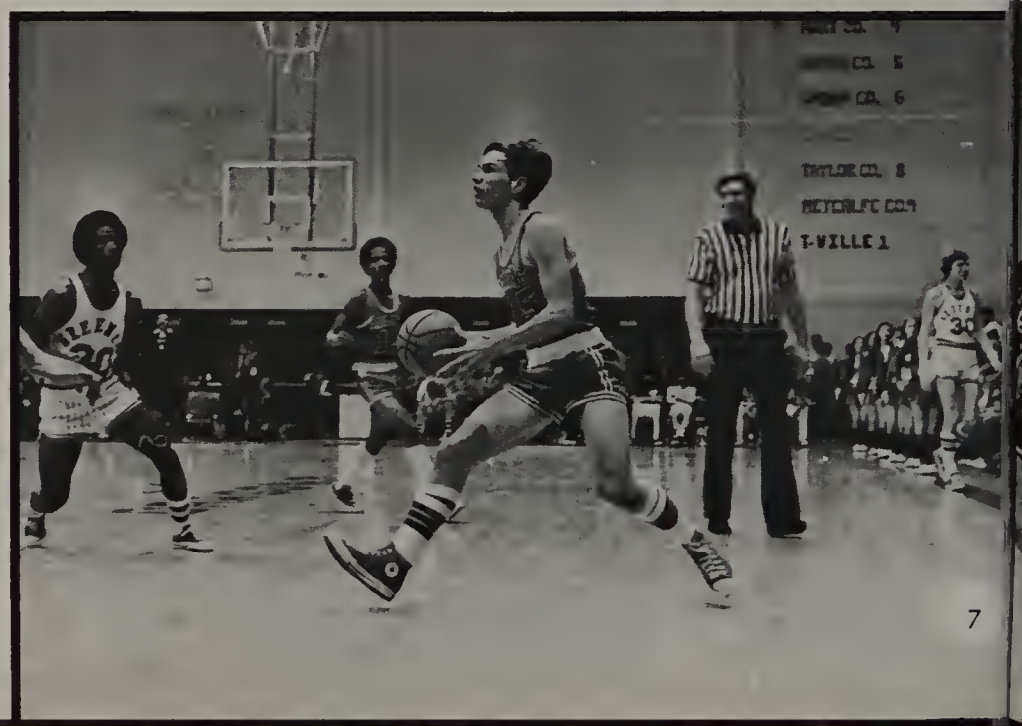

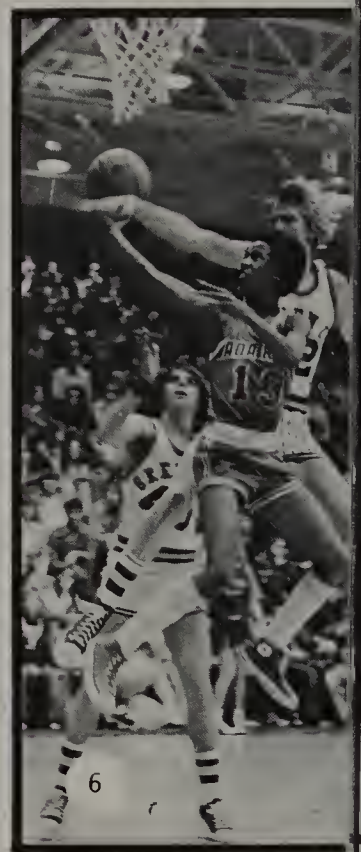

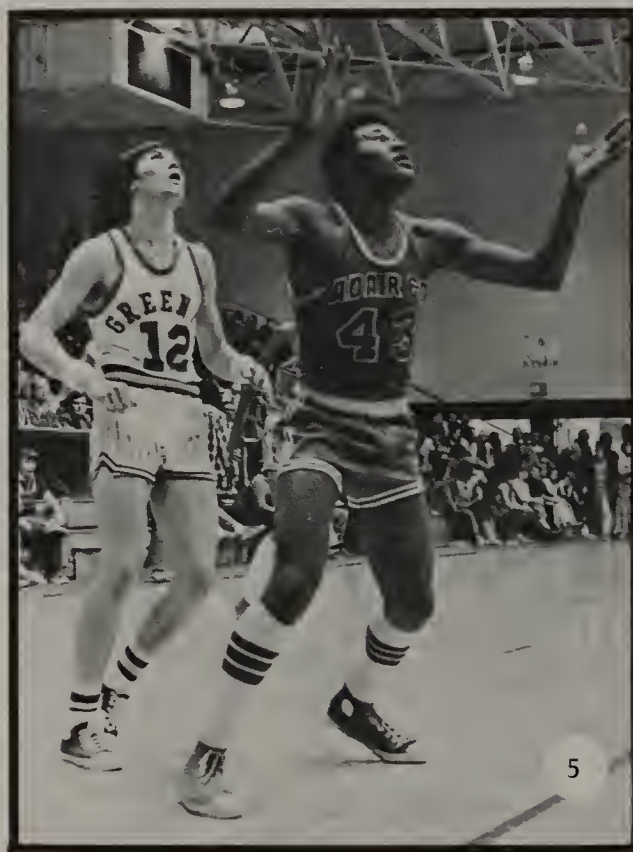

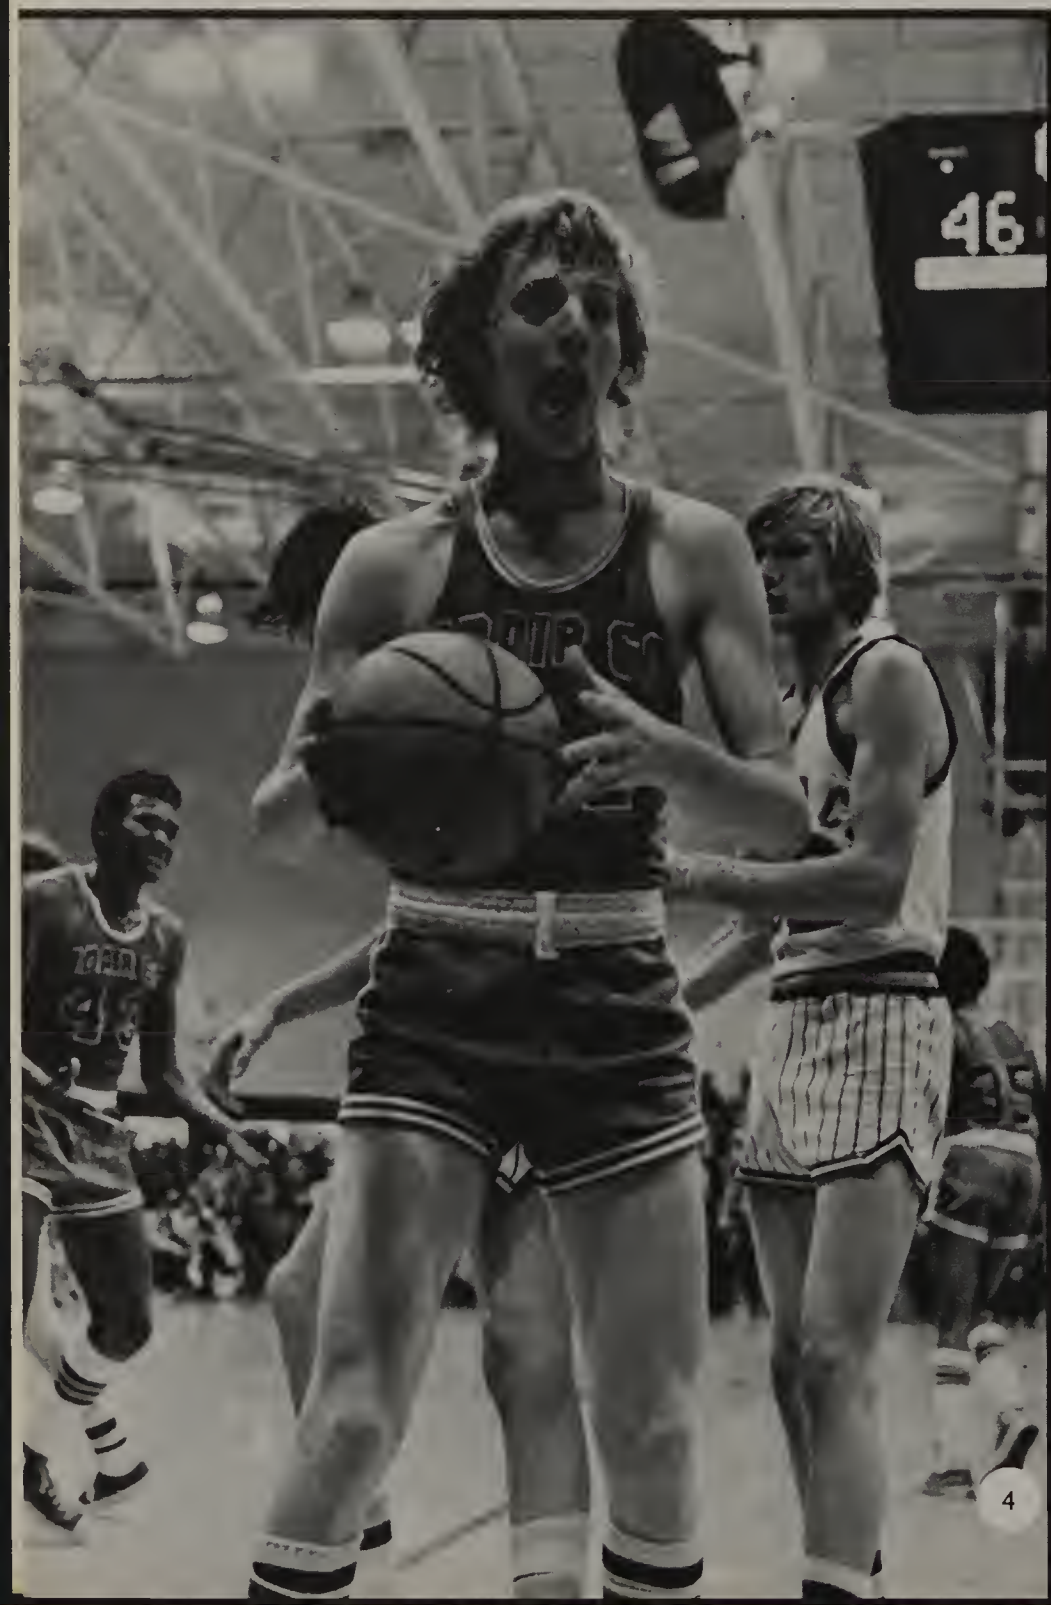

1. Homecoming night the Indians played the Taylor County Cardinals. Sam Miller prepares to release a long pass for the tribe.
2. On the sideline Coach Jones instructs Jerry Watson on what to do when he gets on the field.
3. Running into the arms of a Casey County player, Jimmy England gains yardage for the Indians.

Scott, Jerry Blair, David Sandusky, Brad Morrison, Sam Miller, Jerry Watson, Joe Rogers, Assistant Coach George Critz.

# Giant Killers Becomes the Team's Nickname

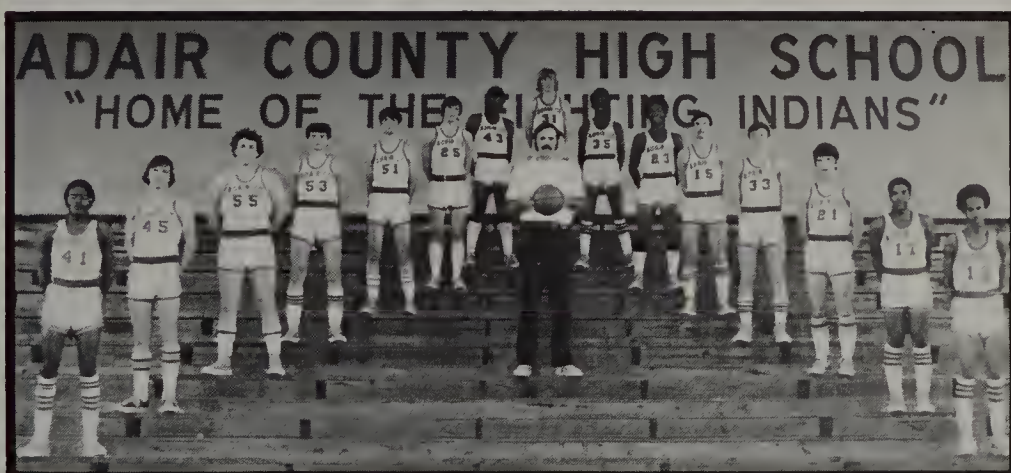

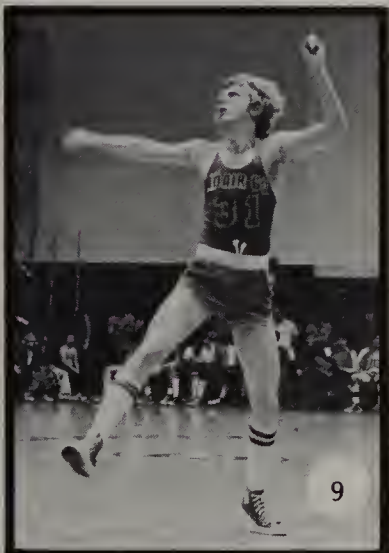

Starting the season out by going into several overtimes proved that the Indians were out to win all they could. "Giant Killers" became the Indians' nickname after they defeated the tall team of Tompkinsville 68-63.

The Indians grabbed victories early in the season from local rivals Taylor County and Russell County.

By taking a victory over Metcalfe County and Casey County, the first place trophy went to the Indians in the Adair County Christmas Tournament.

In the SKAC the Indians for the second year in a row were defeated by the Dragons of Green County.

1. Some of Green County's players put pressure on Paul McWhorter after he pulled off the rebound.
2. Time out is called by David Webb after a foul was called that upset Edward Curry.

## JV and Frosh Team

# Prepare for Varsity

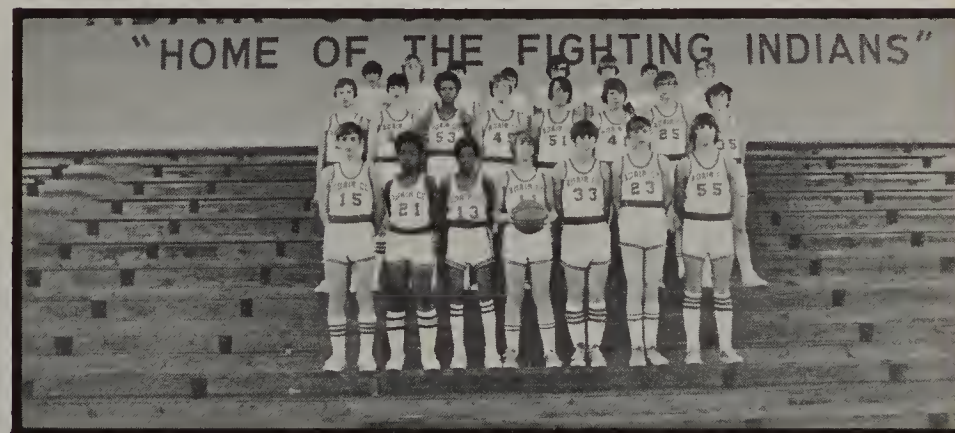

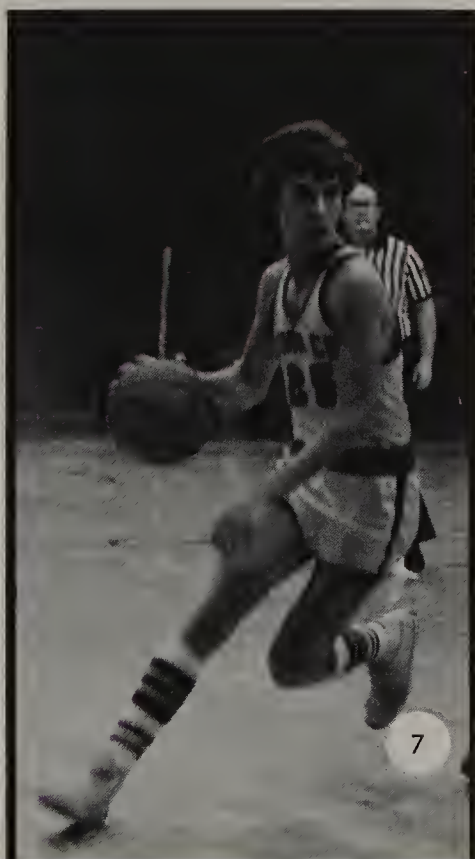

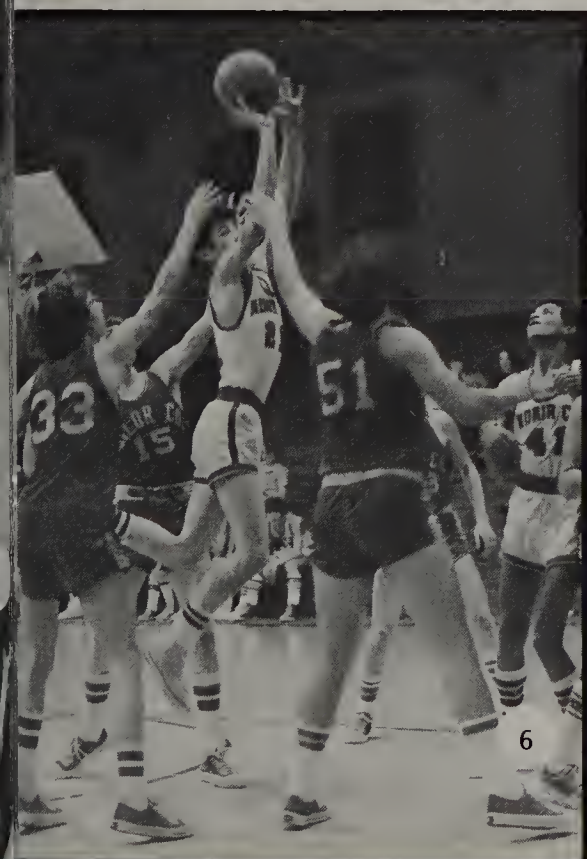

No freshmen, no juniors, only sophomores made up the Junior Varsity Team. This was unusual for the Indians.

This team had great depth. There were at least ten players that were of equal ability. If these players stick with the game of basketball, the team has great potential.

The fans seemed to be more involved in the JV than in the years past.

The Freshmen Team did a fine job. Their games were played before the girls played.

1. An easy lay up is the way Jerry Giles likes to score against a North Hardin defender.
2. Pointing out to one of his players what defensive position to take is Coach Nixon.
3. Yelling "Let's Go" are the players and Coach Nixon after a small discussion during a timeout.
4. During a timeout Coach Nixon and the Freshmen players discuss what plays to run next.

## New Sport

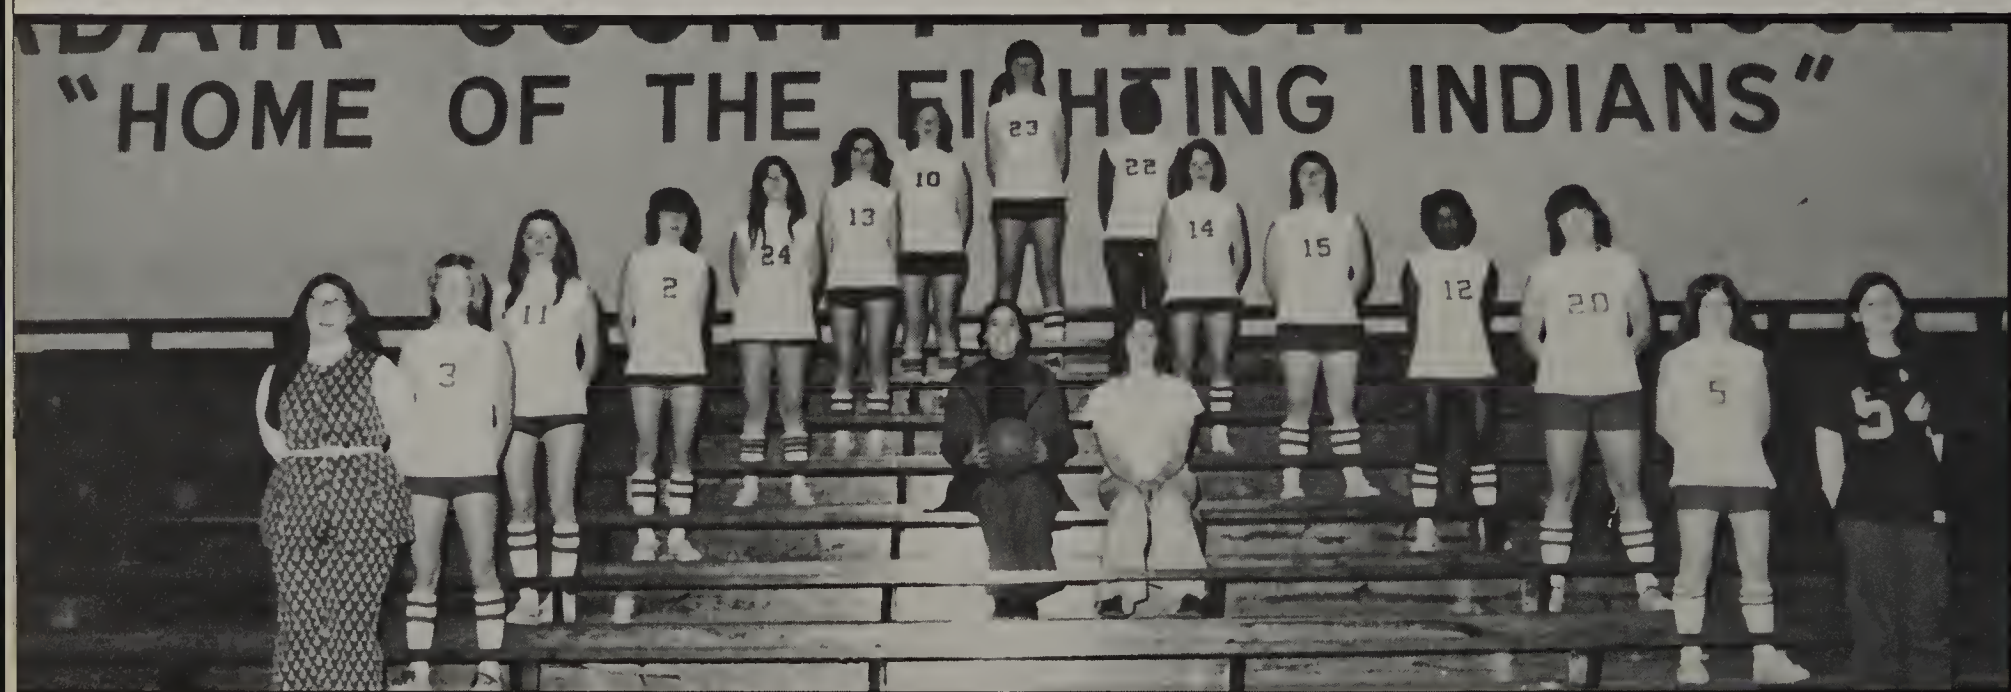

# Girls Form Basketball Team

According to the new state law, every high school in the state of Kentucky that has a boys' basketball team must have a girls' team, and so it is with Adair County High.

Mrs. Jane Sapp, a new teacher at ACHS, is the coach and she has brought about a marked improvement in the team.

There were not enough players to have a JV team, and since one was not required it was decided that there would not be a JV team this year.

Linda Perkins, the tallest girl player in the state of Kentucky at 6'2", suffered an injury at the start of the season and missed several games. She started to play again about halfway through the season. Being only a sophomore and improving all the time, Linda can be a great help to the team.

FIRST ROW: Mary Curry, Margaret Shirley, SECOND ROW: Debra Corbin, Connie Bryant, THIRD ROW: Patricia Crawhorn, Peggy Thacker, FOURTH ROW: Kathy Coffey, Judy Jones, FIFTH ROW: Theresa Ashbrook, Sandra Cheatham, SIXTH ROW: Lana Cave, Tammy Poff, SEVENTH ROW: Marilyn Yarberry, Mary Jane Smith, EIGHTH ROW: Linda Perkins, CENTER: Mrs. Jane Sapp, coach, and Edwina Arnold. (Not Pictured: Glenna Cowan).

1. Driving past her defender, Sandra Cheatham goes for the basket.

2. Outrunning the defense, Peggy Thacker drives for the goal.

3. Hustle and determination have made Patricia Crawhorn a valuable member of this team. Here she is dribbling down the court in a game against Taylor County.

4 After she beat the defense down the floor, Lana Cave goes up for two points.

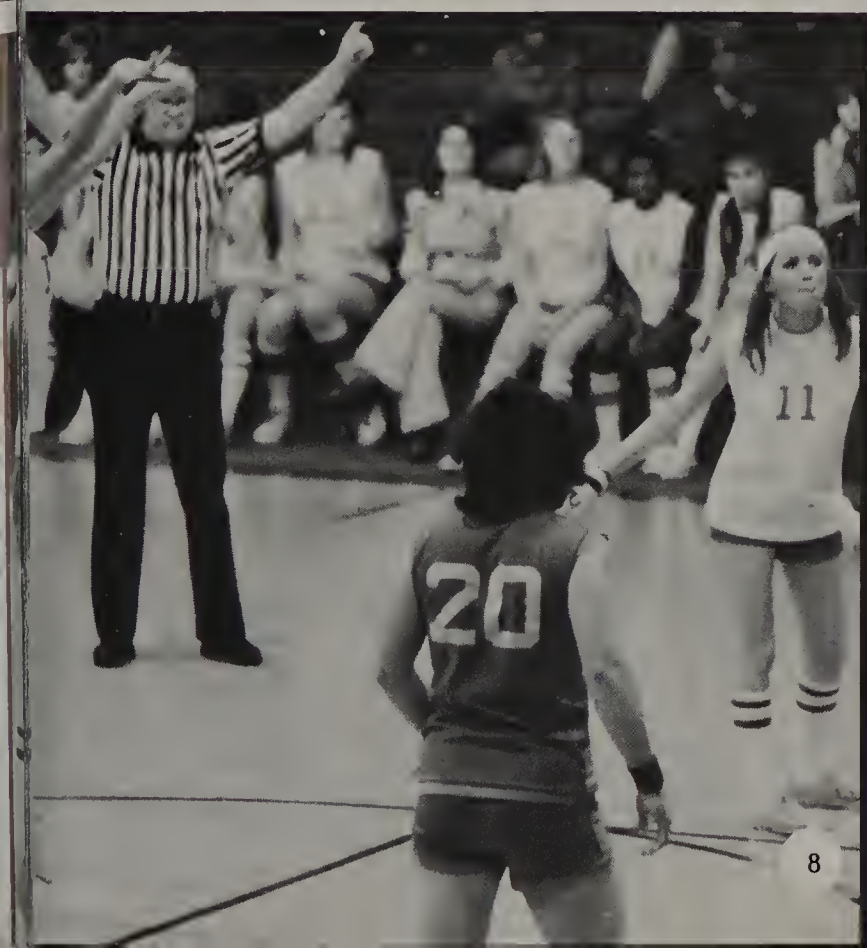

5. Showing some hustle, Marilyn Yarberry goes to the floor after a loose ball.

6. Trapped between two Taylor County defenders, Mary Jane Smith looks for the shot.

7. After Sandra Cheatham fires a shot from the free throw line, Mary Jane Smith goes for the rebound.

8. Waiting in anticipation is Patricia Crawhorn as Lana Cave shoots the first shot in a bonus situation.

9. Showing their excitement from the sidelines are some of the team members and Coach Jane Sapp.

# Happenings During the Year

Along with the year came the victories and defeats we had to face.

For the seniors it was only a number of days until they would no longer be a part of the little world on Greensburg Road. They had to make decisions about which college to attend, if any. The ones who were not going to college looked for jobs. Because of the vocational courses taught at ACHS some were prepared for careers.

The underclassmen were moved up to a different position. The freshmen, especially, looked forward to the end of the year so they would no longer be the "greenhorns."

1. At ballgames people show their emotions more than anywhere else. Coach Critz shows what he thinks about it all as he points to a player and tells him where to get.
2. In chorus Mitzi Graves sings along with her classmates.
3. Every year the Sophomore Class has a magazine sale. A free pass to all home ballgames was one of the prizes Billy Andrew received for getting the most magazine orders.
4. In the shop Floren Morrison works on his welding. This will help him when he graduates.
5. In the door decoration contest at Christmas Mrs. Depp's door received first place for originality. On the other side of the door there was a table set for Christmas dinner.

# It Was Our Own Special World

Door decoration contests, club dances, and Indian ballgames are all in the past. All the work that the students and teachers put in for those events will remain as memories of the year. For some it was the last time they would work on such a project. It was the first time for others to participate as a member of our world.

As the year drew to a close, we felt near exhaustion. We looked back over what we had worked for, what we had failed to achieve, and what we had achieved. Then we suddenly discovered that our world was something special.

1. Some days were better than others for our principal, Mr. Sullivan. The cameraman caught him at one of those exhausting minutes of the day.
2. While waiting for their bus, students had a chance to talk over the day with friends.
3. The day was over for Freda Vititoe, and with no one around she waits for her bus to take her home.
